Consent to treat with Reiki

- I understand that Reiki is a stress reduction and relaxation technique.
- I acknowledge that sessions administered are only for the purpose of helping me or my animal relax and/or to relieve stress.
- Reiki Practitioners do not diagnose conditions, nor do they prescribe substances or perform medical treatment, nor interfere with the treatment of a licensed medical professional.
- It is recommended that I see a licensed physician for myself or licensed health care professional for any physical or psychological ailment or condition I may have, or a veterinarian for my animal.
- I also understand the body has the ability to heal itself, and to do so complete relaxation is often beneficial.
- Long-term imbalances in the body require multiple sessions to allow the body to reach the level of relaxation necessary to bring the system back into balance.
- I understand and believe that self improvement requires commitment on my part, and that I must be willing to change in a positive way if I am to receive the full benefit of Reiki.
- I acknowledge my commitment to my self-improvement process.
- I recognize that a Reiki session program must be followed to be truly effective, just as prescribed medication is only effective if taken as directed.
